Dear Shareholder:

We are pleased to report that 1976 was a record year for your Company both in terms of sales and profits. Sales for the Drug Division were approximately \$49,000,000 and sales for the Produce Division approximately \$30,000,000. Earnings per share rose from \$1.43 to \$1.76.

In our last message to you, we indicated that your Company had embarked on an intensive computerized program to assist in the handling of our prescription business. We wish to report that this program will be operational in several of our pharmacies in the latter part of this year. We expect that this unique dedicated on-line system will allow us to offer the public better and more efficient service.

During May of this year, the head office and warehouse of the Drug Division will be moving to new, larger and more modern premises. This move will also contribute to greater efficiency and will facilitate continued growth.

The F. W. Woolworth Co. Ltd. has embarked on a programme of converting certain of its larger Woolworth stores into Woolco stores. Your Company has been invited to participate in this programme. As a result of this and the construction of additional Woolco stores, we anticipate the opening of seven new outlets in 1977.

All divisions of your Company's produce operations had an exceptionally good year. The operations at the Ontario Food Terminal continued the trend exhibited in previous years by once again posting record sales and profits.

1976 saw the opening of a new division engaged in the sale of exotic fruits and vegetables. The products sold by Specialty Produce Company cater to the gourmet trade. The growing demand in Canada for these products leads us to believe that this Company has an exciting future.

The Country Fresh Packaging division of your Company has now completed its first full year of operations and has shown an even greater profit than expected. We are very enthusiastic about prospects for this Company in light of rapidly growing consumer demand for pre-washed and pre-packaged fruits and vegetables. In keeping with these prospects, Country Fresh has recently moved into larger premises equipped with the most modern machinery available.

Dominion Farm Produce Limited had an exceptionally good year through both increased sales and a dramatic increase in profits. Prospects for this Company continue to be excellent.

It is increasingly evident that more and more people are dining out. With a recently strengthened management team, your Company, through its wholly-owned subsidiary, Skrow's Produce (1971) Limited, is in an advantageous position to benefit from this trend.

We would like to take this opportunity of welcoming Gordon Clarke, formerly President and Managing Director of F. W. Woolworth Co. Ltd. to the Board of Directors. We look forward to benefiting from Mr. Clarke's leadership and experience in the retail field.

We wish to thank our employees for their continued loyalty and endeavours. As with every organization, it is the combined efforts of all its employees which make for a successful company. We are most fortunate in having employees of such outstanding calibre.

Yours truly,

MICHAEL BLIDNER, *President*

JACK AUSTIN, *Vice-President*

9. Anti-Inflation Legislation

The company and its subsidiaries are subject to the anti-inflation legislation enacted in Canada with effect from October 14, 1975 which provides for restraint of prices, profit margins, dividends and employee compensation.

With respect to employee compensation, sixty-nine employees of the company are members of a union subject to a two year compensation agreement effective October 1, 1975. A ruling of the Anti-Inflation Board has stated that this group's first year compensation agreement exceeds the allowable guidelines established by the legislation. The Board has agreed to allow the recovery of such overpayment by means of an offset against future compensation. As of January 31, 1977 the overpayment amounted to \$65,000 which amount has been included in these financial statements.

With respect to profit margins, the company believes that it is maintaining compliance within the guidelines established by the applicable legislation.

These pictures demonstrate the convenient displays both on counters and in fixtures for easy selection by Jack Austin Drugs customers. Neatness and cleanliness are a prerequisite in all Jack Austin stores. All these factors are contributing to the growth and development of the company.
